Understanding your account

This is a summary of certain terms applicable to your account and has been included for convenience only. Please see your Account Agreement for complete details.

What is your Cash Advance Limit and Cash Advance Available? Your Cash Advance Limit and Cash Advance Available is shown in the "Summary of your account" section of your statement. The available Cash Advance Limit shown on the Account statement does not reflect Cash Advances and related fees, interest charges or adjustments that post to the Account after the Statement Closing Date. Your available Cash Advance limit will decrease when you charge and we post your Cash Advance Transactions to the Account. This includes interest, fees, or adjustments linked to those Cash Advance Transactions. See your Account Agreement to learn more.

What is the minimum payment and the Payment Due Date? Your minimum payment and the Payment Due Date is set out on the front of your statement under the heading "Payment information". It is also found on the payment slip. The Primary Cardholder must pay at least the minimum payment amount by the Payment Due Date shown on this statement. You must make payments in the currency of the Account. If you make a payment to the Account in a foreign currency, we may reject this payment or convert your payment to the currency of the Account. To learn more about how we will convert a payment that is not made in the currency of the Account, see your Account Agreement.

How do you make a payment? See the front of the statement or your Account Agreement to learn how you can make a payment. The Primary Cardholder must select a payment method that makes sure we receive the payment so that we can post it to the Account on or before the Payment Due Date. We must receive your minimum payment so that we can post it to the Account on or before each Payment Due Date shown on the Account statement.

How do we apply your payment? See your Account Agreement to learn how we apply payments to the Account.

What happens if the Payment Due Date falls on a Saturday, Sunday or public holiday? If the Payment Due Date falls on a Saturday, Sunday or a public holiday recognized by us, we will extend the Payment Due Date to the following business day. However, any applicable interest will still apply to an outstanding Balance during this period.

What is the amount that must be paid to get the benefit of a Grace Period? You have a minimum 21-day interest-free Grace Period for Purchases and fees. This means that if you pay the outstanding Total New Balance shown on the Account statement in full on or before the Payment Due Date shown on such Account statement, you will not be charged:

- interest on **new** Purchases and fees that appear for the first time on the Account statement; and
- any interest that appears on **the current Account statement** that relates to Purchases and all fees that first appeared on prior Account statements.

The Grace Period does not apply to:

- Cash Advances (including Cash-Like Transactions); or
- Balance Transfers.

For Residents outside of Québec who have Payment Plan(s): You will avoid interest on all new purchases made during this Statement Period (excluding new purchases that you have put into a Payment Plan) if you pay the "**Grace Period Payment Amount**" by your Payment Due Date. You will avoid interest on all new purchases made during this Statement Period, including new purchases you have put into a Payment Plan, if you pay the **NEW BALANCE** on this account statement by your Minimum Payment Due Date.

For Residents in Québec who have Payment Plan(s): You will avoid additional interest on all purchases on this account statement (excluding purchases that you have put into a Payment Plan) if you pay the "**Grace Period Payment Amount**" by your Payment Due Date. You will avoid additional interest on all purchases on this account statement, including purchases that you have put into a Payment Plan, if you pay the **NEW BALANCE** on this account statement by your Minimum Payment Due Date.

Please see your Payment Plan Amending Agreement for more information.

How do we calculate and charge interest? If interest applies, you can find the total interest charged, and the associated annual interest rates, on the front of your monthly statement. To learn more about how we calculate your interest see your Disclosure Statement and Account Agreement. We add your interest charge to your Balance at the end of the Statement Period. As a result, we charge interest on unpaid interest.

What is your estimated time to pay? Paying more than the minimum payment will decrease the amount of interest you pay and reduce the time it takes to repay your Balance. If you have a Balance, we provide you an estimate of the length of time it will take you to pay the Balance in full as of the statement date. You can find this on the front of the statement. If you only pay the minimum payment, the estimate is based on the following assumptions: (i) that we receive the minimum payment on this statement, and the minimum payment on all subsequent statements, on the Payment Due Date on those statements (not prior to that date); (ii) that each month, we receive on more than the minimum payment; and (iii) a 360-day year. Our estimate is based on the current interest rates that apply to your Balance as a statement date (including any promotional rates for any promotional period and the rate that will apply after that promotional period has expired). This estimate will change each month if any other assumptions in (i) and (ii) are not met, the Balance that appears on your statement changes or if the rates that apply to your Account changes. Our estimate does not include any Transactions that have not yet posted to your Account and that are not included in the Balance that appears on this statement.

What are your rights and obligations regarding any billing error found on this statement? This statement describes each Transaction and discloses each amount credited or charged, including interest, and the dates when those amounts were posted to the Account. You must review the Account statements and contact us about any errors within 30 days from the statement date so that we can immediately investigate them. If you do not contact us about errors within 30 days from the statement date, then:

- We will consider all Transactions and payments to be correctly posted to the Account and our Records to be correct (except for any amount that we credited to the Account in error); and
- You may not make a claim against us at a later date in respect of any items or amounts posted to the Account.

If you have a dispute with a merchant relating to a Transaction posted to the Account that appears on this statement, you must first attempt to settle the problem directly with the merchant. To learn how to manage a dispute with a merchant, see your Account Agreement or visit www.mbna.ca/disputes.

See your Account Agreement, and if applicable, the terms and conditions for any Payment Plan you have accepted, for further details.

Important Interest Rate Notice

The Minimum Payment on your previous account statement was not received by the Minimum Payment Due Date. If another Minimum Payment is late within the next 11 Statement Periods, we have the right to increase the standard annual interest rate(s) on this account in accordance with your Account Agreement.

If you have any active Payment Plans, the term "Minimum Payment" above is replaced by "Required Payment" which is your Minimum Payment less your Monthly Plan Payment Amounts. If you miss the Required Payment for this current statement, we also have the right to return the related balances to your annual interest rate for Purchases.
